Doctors Orders.

A middle management executive has to take on some sport, on his doctors orders, so he decides to play table tennis.

After a couple of weeks, his secretary asks him how he is going. "Its going fine" the manager says.

"When I am playing and I see the ball speeding towards me, my brain immediately says "To the corner! Backhand! To the Net! Smash! Go back!".

"Really, What happens then?, the secretary asks.

"Then my body says "Who? Me? You must be kidding!".

- Man who wants a pretty nurse must be patient
- Man who leaps off a cliff jumps to a conclusion.
- Squirrel who runs up a woman's leg will not find nuts.
- A man who eats many prunes gets a good run for the money.
- Lady who goes camping with man must beware of evil intent.
- A man who runs in front of a car gets tired, but the man who runs behind the car gets exhausted ...

- War does not determine who is right. It determines who is left.
- A man who fights with his wife all day gets no piece at night.
- It takes many nails to build a crib, but only one screw to fill it.
